

Muffins with Mom

March 30, 2017

Hancock County EHS/ HS & Pre-K hosted our annual “Muffins for Moms” event. The day started with soft jazz and a beautifully decorated room that expressed beauty and brightness of life and love. This event was geared towards making the mothers of the program feel comfortable, welcomed, loved, blissful and powerful while being empowered by other women.

The morning began with Mrs. Bell opening with a welcome followed by introduction of Ms. Tee (Tequilla Williams) – *Funtology*, the speaker, by Mrs. Bonita Barnes. Ms. Tee is a mother of two boys and originally from Gainesville, Georgia. She has been an educator for eighteen years and looks forward to continuing her drive for the love of educating teens and adults. Ms. Tee loves Hancock County so much she has uprooted her family, resigned from her job, and moved closer. She encouraged parents as she inspired them through her life stories and spiritual growth. She motivated them to pull whatever desire they had tucked away out because no one will never see or know of the talent if it is hidden.

During a brief intermission, the audience was embraced by one of Hancock County’s home grown citizens - Mrs. Tamika Waller (Mikko Black). Mrs. Waller is a licensed Master Cosmetologist, wife, and a mother of three. She encouraged the parents to dress and step out. Every time they are in public make it a grand impression because you never know who you may see. She enlightened the parents on her desire to model and how she had to ignore negativity, disregard about what others thought of her and **JUST DO IT!**
